

450 Moorings Cove Drive, Tarpon Springs, Florida 34689

**April 26, 2020**

**Friday morning, April 25, 2020 it came to our attention that the Men's Sauna room at the pool had been broken into. We used the room for storage of old recently copied files and Christmas decorations. We can assure you that there was no personal Homeowner information in any of these boxes. Ameritech has all important files secured off the property and the attorney has the rest.**

**We regard the safety and security of our community to be our greatest concern. Friday morning, Time on Target Security systems ironically was here to install our new security cameras. There will be cameras spaced throughout the area for your safety.**

**The Police were called and an investigation of burglary was filed. If anyone has seen anything suspicious in the evenings or early morning hours from Last Tuesday, April 21 through Friday morning, April 25 please reach out to any Board member or the Police. Our pool gate was recently painted on Tuesday and therefore the pad lock was off the gate during those days. It is possible that access could have been from jumping the fence or someone with a pool key. (Justifying One more reason to change the accessibility system).**

**Please be aware of your surroundings, and if you see something, say something.**

**Respectfully,  
The Moorings Board of Directors**
